

# Enjoy the sun - SoLait!

First class solar technology!

## SoLait<sup>100</sup>

A beater of peculiar embodiment!

## SoLait<sup>100</sup>

- solar module and accumulator
- no cord
- no change of battery necessary
- high performance
- robust axle
- specific whirl wheel with splash guard
- easy to be cleansed
- handy folding stand for positioning
- high-quality design
- rated as GOOD
- suitable not only for frothing milk!

## SoLait<sup>100</sup> – the solar frother

The only solar-operated kitchenware in the world. Moreover, powerful, handy and just good-looking.

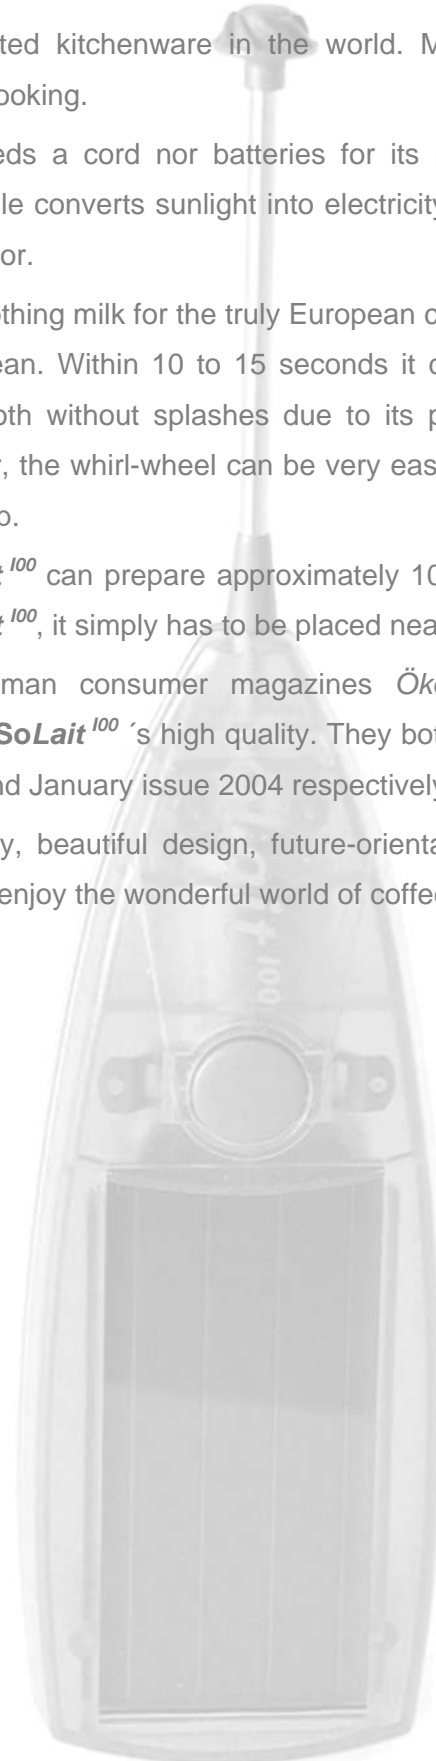

**SoLait<sup>100</sup>** neither needs a cord nor batteries for its power supply. The integrated solar module converts sunlight into electricity which is stored in the internal accumulator.

**SoLait<sup>100</sup>** excels in frothing milk for the truly European coffee experience. It works quickly and clean. Within 10 to 15 seconds it converts warm milk (0,2 l) into smooth froth without splashes due to its purposely designed whirl-wheel. Moreover, the whirl-wheel can be very easily cleansed just by holding it under the tap.

Fully charged, **SoLait<sup>100</sup>** can prepare approximately 100 portions of froth. For recharging **SoLait<sup>100</sup>**, it simply has to be placed near a window.

The recognized German consumer magazines *Ökotest* und *Stiftung Warentest* confirmed **SoLait<sup>100</sup>**'s high quality. They both rated it GOOD in the July issue 2003 and January issue 2004 respectively.

Experience top quality, beautiful design, future-orientated technology by testing **SoLait<sup>100</sup>** and enjoy the wonderful world of coffee.

# Enjoy the sun - SoLait!

## Technical Data / AOB

- output power solar module: 0,14 W<sub>p</sub>
- input power electric motor: 1,0 W – 2,5 W at standard applications
- number of revolutions: 9.000 – 12.000 revolutions / minute with standard application  
13.300 revolutions / minute without load
- accumulator: NiMH, 2 pieces, 2,4 V, 450 mAh
- capacity, fully charged: ca. 100 standard applications
- size: 240 x 60 x 36 mm or 9,4 x 2,3 x 1,4 inches
- weight: 160 g or 5 oz
- certificates: EMV according to EN 50081, EN 5082, EN 61000  
safety according to VDE 700/1, CE-sign
- warrenty: 2 years

**SoLait<sup>100</sup>** is available in the colours white, blue, clear-transparent, blue-transparent and red-transparent.

Each gadget is equipped with a folding stand for positioning it easily at the window.

A fully charge accumulator is sufficient for frothing approximately 100 portions. Normal usage is possible without any problems, and can be used even during cloudy days.

03 / 2005, subject to change without notice
